EDUCATION

Université de Montréal

Bachelor's in Computer Science

Montreal, QC

September 2024 – Present

Cégep Ahuntsic

DEC in Commerce Management

Montreal, QC

August 2021 – May 2024

PROJECTS

Intelligent Document Analyzer (PDF) | *Python, LLM, Streamlit*

2026

- Built a tool to extract key information and summaries from PDF documents using LLMs.
- Implemented text extraction and chunking with a Streamlit interface for instant analysis.

AI Email Automation Agent | *Python, AI APIs, n8n*

2026

- Developed an AI agent to summarize emails, detect intent, and suggest replies.
- Automated message classification and workflow actions using n8n.

AMC Location Car Rental Website | *Next.js 14, TypeScript, Tailwind CSS*

2026

- Designed a responsive car rental website with pricing, vehicle, and booking pages.
- Implemented reservation calendar, price calculation, and JSON-based booking storage.

ACHIEVEMENTS & INVOLVEMENT

UdeM Game Jam 2026 — 1st Place

Mar. 2026

Université de Montréal
